Vented Eave Riser

High Profile

Low Profile

FEATURES AND BENEFITS

ENERGY EFFICIENT

Energy Efficient

The Vented Eave Risers allow cool outside air to enter at the eave and flow under the roof tiles, cooling the roof during hot sunny days.

EASY INSTALLATION

Easy Installation

Pre-cut and pre-painted in 10 foot lengths from the manufacturer to make installation fast and easy.

WEATHER RESISTANT

Durable Protection – All Season

Galvanized steel with polyester paint finish for long lasting durability.

AESTHETICS

Premium Details Complete The Roof

Designed to fit and elevate the eave tiles to the proper angle for a professional, uniform appearance. Sunburst vent designs are only available from Westlake Royal™ Roofing Components.
