Zephyr Roll®

UNIVERSAL RIDGE VENT AND WEATHER BLOCK

WEATHER BLOCKING THAT VENTILATES

- Prevents intrusion of wind-driven rain and snow
- Optimal location to exhaust heat and moisture from peak of roof
- 8 square inches ventilation per foot
- Rollable installation gets the job done faster
- Blends smoothly with the roof surface
- Reduces unappealing field vents and roof penetrations

BREATHABLE WEATHER PROTECTION

WEATHER
RESISTANT

Weather Protection

Aluminum sides can be stretched and formed to blend smoothly with the roof surface. Butyl strips seal the ridge and hip areas to help prevent wind driven rain and snow from entering the peaks and corners of the roof.

EASY
INSTALLATION

Easy Installation

Simply unroll and seal to field tiles without any additional tools or fasteners. Use with solid ridge nailer or with universal 2"x 2" ridge nailer with Ridge Riser® brackets.

SAVE
TIME & MONEY

Save Time and Money

Faster, rollable installation reduces labor cost. Take advantage of Zephyr Roll® by venting the attic space, reducing unappealing field vents.

LIGHTWEIGHT

Lightweight

Each 33' rolls weighs only 6.4 lbs for 11" wide and 7.6 lbs 13.4" wide rolls for easy roof loading and handling and low transportation costs.

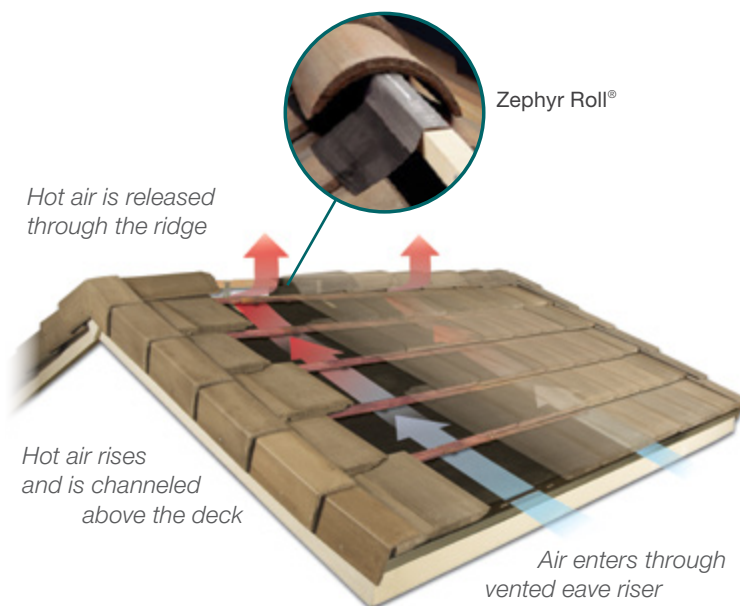

NOTE: This product does not have an express warranty. In addition, SELLER MAKES NO EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE regarding this product.

A BREATHABLE ROOF IS ENERGY EFFICIENT

As a component of the Cool Roof System, Zephyr Roll® lets the roof system breathe to stay cool in summer and dry in winter over a longer life time. Ventilating the attic space as a ridge vent is an optional use for Zephyr Roll® to make the building more efficient by exhausting at the optimal peak location. Find out how much you can save at WestlakeRoyalRoofing.com by clicking on the Energy Calculator button.

"We install Zephyr Roll® on every job because it is quick to put on, effective, and doesn't leak. We've been using it for more than 2 years now and I put it on my own home."

Tony Diaz, Century Roof and Solar, Hayward, CA

"Zephyr Roll® is one of the best ridge venting and weather blocking solutions with over 22 million linear feet installed on roofs around the world and over 1 million feet in the United States."

Rene Grupp, Head of Product Management, Monier Roofing Components GmbH & Co. KG
